

Autorotations - Reality Exposed at HELI-EXPO 2013

A collaborative effort of Original Equipment Manufacturers (OEMs), operators, and federal agencies will uncover unique aspects of this maneuver and what mistakes are most often discovered in an accident investigation. Leaders in the helicopter instruction and training industry will present tips, tools, and techniques that will prepare you for a safe emergency procedure and ultimately prevent you from becoming an accident statistic!

Directions: North Hall, Room N256.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
